2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

TCSOS currently offers instructional programs to students in Community Schools (Middle: 6-8 and High School: 9- 12), Independent Study (7-12), Gold Ridge Educational Center (Court School) and Special Education programs (Preschool-Adult Transition). The student population in the Alternative Education programs comprise a small number of the approximately 5,800 public school students in Tuolumne County. In December, 2024, 40 students are enrolled in our alternative education programs. There are an average of 14.5 students enrolled in GREC during the 2024-25 school year. There are no students who are English Learners enrolled at GREC. In 2024-25, over 40% of students in the Gold Ridge Educational Center receive Special Education services. 100% of students qualify as low income. All programs utilize state standards aligned materials.

2024-25 School Description and Mission Statement

In April 2017, TCSOS became the provider of educational services for juvenile offenders from Tuolumne, Amador, Calaveras, Mariposa, Merced and other contracted counties. The students who are normally referred to out of county Juvenile Detention Facilities now reside at our local facility and receive educational services at the Gold Ridge Educational Center. This has redoubled efforts from our county office to develop programs that support our at-risk student populations. We are continuing to offer concurrent enrollment with Columbia Community College in order to help our students transition from high school to vocational & higher education using online learning. Currently, there are fewer than twenty students enrolled at the court school at any one time. The school received initial WASC Accreditation in the 2017-18 school year, and after a full self-study in 2021, received accreditation through 2028.

Vision: Tuolumne County Alternative Education programs provides a safe, nurturing, consistent environment with clear expectations that are supported by accountability. Our school inspires students to reconnect with the educational process with learning and teaching that support vocational and academic areas in order to prepare students for life beyond high school.

Mission: Our school works to instill in its students a sense of pride that inspires them to have confidence in their ability to be successful in school and in life. The school community makes decisions and collectively holds each other accountable. We strive to provide students with the skills and tools necessary to achieve all they are capable of in an environment where both staff and students feel safe and supported by the district. Access and Equity -The work of the COE: The TCSOS Alternative Education programs with support from the Educational Services Office operate under guidelines in order to promote and sustain access and equity for all students.

The Schoolwide Learner Outcomes were revised in 2020-21 with input from parents, students and staff:

Students are Engaged Learners and Effective Communicators who:

- Persevere in learning new concepts and completing tasks
- Use words and actions that are safe for themselves and others
- Express ideas clearly in both verbal and written form
- Collaborate with other students to share information and solve problems

Students are Responsible Citizens who:

- Respect opinions, values, and beliefs of other people and cultures
- Understand that motivation and effort will have long term, positive impacts
- Respect themselves and model behaviors of personal integrity and character

Students are Prepared Graduates who:

- Acquire the skills necessary to succeed in a meaningful career path of their choice
- Develop knowledge and skills to maintain physical and emotional well-being
- Demonstrate digital literacy and mastery of technological skills to be successful in the workplace and post-secondary education.

The goals for our school are outlined in the 2024-25 Local Control Accountability Plan (LCAP) which includes input from educational partners and annual review.

Goal 1: Provide social emotional support and timely interventions to all students in order to develop mental health, communication, and conflict resolution skills, and strengthen student resiliency. Provide training to all staff in tiered interventions, including Positive Behavior Intervention Support, inclusion, restorative practices and trauma informed practices.

Goal 2: Provide professional development to increase parent and community partner involvement, and maintain a safe and welcoming school climate in order to improve student attendance and student engagement

Goal 3: Provide engaging, standards-aligned curriculum, instruction, and access to technology to improve academic achievement; develop college and workforce readiness skills, and increase opportunities for students to enroll in CTE, A-G, dual enrollment, and credit recovery courses

Goal 4: Provide increased opportunities for parental involvement and regular communication between parents, staff, districts of residence, and partner agencies, including probation, behavioral health, foster/homeless liaisons, social services, and the

2024-25 School Description and Mission Statement

community college in order to support improved educational outcomes for all students

Goal 5: Coordinate services for foster, homeless, and expelled youth enrolled in TCSOS programs and all LEAs in Tuolumne County to ensure delivery of quality educational services and supports, and successful transitions between educational placements

Goal 6: Utilize equity multiplier funds to provide evidence-based practices to provide social-emotional support, mental health counseling, and engaging academic instruction to reduce suspension rates for socio-economically disadvantaged students and improve academic achievement for students enrolled in Gold Ridge Educational Center and Tuolumne Learning Center.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Multi-Disciplinary Team meetings (MDT) are held weekly with the focus of the meetings on increasing parent participation. Teachers and administrators communicate with parents through a variety of methods including intake and transition meetings. The Parent Advisory Committee will meet at least annually, and the School Site Council will continue to meet monthly during the 2024-25 school year. Information about School Site Council and the Parent Advisory Committee was sent to all parents in the fall. For parents who are interested in more information about the Parent Advisory Committee or School Site Council, contact Jeff Elliott at: jelliott@tcsos.us or 209-536-2411.

2024-25 School Safety Plan

The emergency plan and procedures are reviewed prior to start of school and are aligned to the safety practices implemented at a juvenile detention facility. The schools practice regular emergency drills as applicable in the center. Each student benefits from individualized teaching (ISP) or an academic program tailored to their needs and grade level. Specific goals and course study are established, and contracts are strictly maintained. The Comprehensive School Safety Plan is updated annually.

The Tuolumne County Board of Education recognizes that students and staff have the right to a safe and secure campus

2024-25 School Safety Plan

where they are free from physical and psychological harm. The County Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others. The Tuolumne County Superintendent of Schools Office (TCSOS) desires to provide an orderly, caring and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements. TCSOS encourages staff to teach students the meaning of equality, human dignity, and mutual respect, and to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds. The school/program sites shall promote nonviolent conflict resolution techniques in order to encourage attitudes and behaviors that foster harmonious relations. As part of this effort, students shall be taught the skills necessary to reduce violence, including communication skills, anger management, bias reduction and mediation skills. Staff shall receive training that implements and supports conflict resolution and positive behavior support techniques. Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school/program site. The Tuolumne County Superintendent of Schools or designee may initiate campus beautification projects, buddy systems, vandalism prevention campaigns and other similar programs. Staff shall encourage and reward success and achievement, participation in community projects and positive student conduct.

The Comprehensive School Safety Plan for TCSOS Schools and Programs was approved by the Tuolumne County Board of Education on February 5, 2024.
